#### John Svoboda, President of Local Firm Was Speaker at the Dinner Meeting

Several members of the Quinte Chapter of the Industrial Management Clubs of Canada took advantage of a conducted tour through the Elaine Footwear (Stirling) Ltd. plant on Tuesday afternoon of last week. The tour proved very interesting and showed the complex method of producing the materials into the finished product.

Following the tour, the group journeyed to Rainbow Fishing Camp on the Trent River where a fellowship hour was enjoyed. Here, coloured slides that had recently been taken at Elaine Footwear were shown by John Flett, depicting the various stages of production, starting with the arrival of materials at the stock room, the various operations required in the making of shoes, until they are packed ready for shipment.

John Svoboda  
Guest Speaker  
At Dinner

That same evening the monthly dinner meeting of the Association was held at the Royal Canadian Legion Hall, Belleville, when approximately one hundred members were

in attendance. President Gordon McInroy acted as chairman.

John Svoboda, President of Elaine Footwear, was the guest speaker of the evening. He spoke on the subject, "Proper Supervisors".

The speaker asked the question, "What makes a good supervisor?" and went on to point out that a good supervisor should know his trade, have intelligence and be loyal to his company. He must be just to his employer and just to his workers. A good supervisor must also have confidence in himself, his work and his company.

The speaker also went on to point out that men were badly needed with a broad knowledge of the problems of industry.

Mr. Svoboda concluded his address by stressing that a good supervisor should show plenty of diplomacy to get the most out of his people. He should not become complacent but should forge ahead to greater things.

The speaker was introduced by Ed. Klompaker. Bill Gander, of Northern Electric, presented thanks to the speaker and presented him with a gift on behalf of the Club.

Reeve D. Rodgers, of the Village of Stirling, extended greetings to the group.

#### MOTHER

She gently rocks a little Child,  
And often turns to smile  
Upon the tiny precious One  
God gave to her a while.

She washes little hands and feet,  
And combs their tousled hair;  
And often stops to hug them close,  
Or say a little prayer.

She tells them, too, of Jesus' love,  
And how He came to earth  
A little Child; and how He died  
To give us Heavenly birth.

If one is sick, she stays all night  
Close by a cozy bed;  
And often sings a lullabye  
To ease an aching head.

She cooks the meals, she scrubs the floors,  
She mends the clothes; and then  
She goes to bed, to wake each morn  
To start all over again.

While men may work both long and hard,  
From morn to set of sun;  
A Mother n'er quite catches up,  
Her work is never done.

And so, at ending of each day,  
She prays on bended knee,  
"Lord, bless each simple little task  
I've done as unto Thee."

### GOOD SAMARITANS

How often do we read in the paper stories of a policeman being beaten up while a crowd watched, or children drowning while men stood on the riverbank and did nothing, or men dying in construction accidents because no one felt it his responsibility to repair an obvious hazard.

What is wrong with our society if people just can't be bothered to get involved in someone else's woe? Is it because everyone is so burdened with troubles of his own that he just can't take on anything more? Or is it because people have such puny social consciences they don't react?

Is no one responsible for anyone else? Is it indeed every man for himself?

What a terrible treadmill it is if North Americans are so afraid of becoming involved in some one else's trouble that they will stand by and with a complete lack of human dignity watch a fellow human being fall by the wayside — the fear being that they might have to appear in court, or answer questions or miss time from their own work or play.

"I didn't think it was any of my business." This was what a Toronto truck driver testified at an inquest into the death of a man in a construction accident. He did not report that the hook on a crane lacked the required catch and was unsafe to use.

Apparently workers are reluctant to report safety hazards because they feel they may be branded as "trouble-makers".

If the men feel this way, then it is the duty of their employers to make it clear they want to hear every single safety suggestion from all of them. No detail should be too small for attention.

Fortunately there are stories, too, about people like the Ottawa heroine who gave her life sitting at her switchboard alerting the occupants of the hotel where she worked while it went up in flames. And the little girl who died under the wheels of a train pushing her friend to safety.

There are Good Samaritans. But, also, they are too few.

## NOTICE

## Village of Stirling

At the request of the Council of the Village of Stirling, the Ontario Water Resources Commission has investigated the possibility of installing with-in the said Village, a sewage works project to serve part of the Village of Stirling and now proposes to construct such works, at an estimated cost of \$79,019. This amount will be repaid to the Ontario Water Resources Commission over a period of 30 years.

The proposed project would consist of the following works:

Extension to the sewage works system consisting of sanitary sewers as follows:

On Allan Street from Front Street to St. James Street.

On St. James Street from Allan Street to 500' East of Allan Street.

On Front Street West from Frankford Road to 1,475' W. of Frankford Rd.

On Belleville Road from 1,160' N. of Rodgers Drive to Rodgers Drive.

On Baker Street from Wellington Street to 500' N. of Wellington St.

On Wellington Street from Edward Street to Baker Street.

On Rodgers Drive from 350' W. of Belleville Road to 850' W. & North from Belleville Road.

Including building sewers from the main sewer to the property line, together with the installation of a pneumatic ejector sewage pumping station to be located on Rodgers Drive, discharging through a force-main to the sanitary sewer on Belleville Road.

The estimated annual cost of the project is \$6,975 which includes interest, debt retirement, operating cost and reserve for contingencies.

It is proposed to raise this sum as follows: \$1,330 by a frontage rate of 20c per foot on all lands abutting on the work; \$4,911 by a levy of 4.1 mills on all the rateable property within the Village and \$734 by a user rate of \$20.40.

In computing frontage rates, provision shall be made for the exemption or partial exemption from a foot frontage rate and for the termination of such exemption or partial exemption in the following manner:

(a) In the case of lots situate at the junction or intersection of streets or highways, all flankage will be exempt from frontage rate.

(b) In the case of lots that are triangular or irregularly shaped, a reduction shall be made in the frontage rate which otherwise would be chargeable thereon sufficient, having regard to the situation, value and superficial area of such lots as compared with other lots, to adjust the said frontage rate on a fair and equitable basis.

(c) In the case of lots that because of the nature of the terrain or the elevation of the sewer, do not derive the same benefit as other lands abutting on the sewer, a reduction shall be made in the frontage rate which otherwise would be chargeable thereon sufficient, having regard to the benefit derived as compared with other lots, to adjust the said frontage rate on a fair and equitable basis.

(d) Where a lot is for any reason wholly or in part unfit for building purposes, a reduction shall be made in the said frontage rate which otherwise would be chargeable thereon, sufficient to adjust its said frontage rate as compared with that of the lots fit for building purposes on a fair and equitable basis.

(e) Where a lot, other than a corner lot, has two or more limits that abut on works and the size or nature of the lot is such that any or all of the works are not required, a reduction in respect of the works that are not required, so long as they are not required, shall also be made in the said frontage rate that would otherwise be chargeable thereon, sufficient to adjust its said frontage rate on a fair and equitable basis.

The reduction shall be made by deducting from the total frontage of the lot liable for the said frontage rate so much thereof as is sufficient to make the proper reduction, but the whole of the lot shall be charged with the said frontage as so reduced.

On the basis of these levies, a house having a frontage of 75 feet and an assessment of \$2,500 would pay the following amounts annually:

75' frontage at 20c ..... \$15.00

4.1 mills on assessment of \$2,500 ..... 10.25

User rate ..... 20.40

Any owners or other persons affected by these charges may file their objections thereto in writing with the undersigned within 21 days of the first publication of this notice.

The Ontario Municipal Board may approve the said special rate pursuant to the statute and may approve the said works, but before doing so it may appoint a time and place for a public hearing when any objections will be considered, but notice of such hearing will be given only to those persons who have given notice of objection as provided for above.

All plans, reports and estimates may be inspected at the office of the undersigned during business hours.

DATED AT STIRLING and first published this 4th day of May, 1966.

W. L. POLLOCK, Clerk-Treasurer, Village of Stirling, STIRLING, Ontario.

**Construction Started On Kingdom Hall**

Construction has started at 26 Old Marmora Road, the site Jehovah's Witnesses have selected for their new Kingdom Hall. All the local Witnesses plan to volunteer their labour on free week ends and evenings in the construction work. On Saturday, April 30th, many from the Trenton congregation also joined them to help pour the footings.

Walton Lidster, presiding minister for Jehovah's Witnesses for Stirling, said the Kingdom Hall will be 40 feet by 24 feet, with a full basement. In the basement will be a library of Bible reference work and encyclopedias.

"This library," Mr. Lidster said, "is for the convenience of the Witnesses in gathering material for sermons to be used in their house-to-house visits and for Bible research in connection with the Ministry School. This weekly school is the same as those held similarly in the more than 24,000 congregations around the world," he added.

The Kingdom Hall will be of cement block construction with a brick front. Mr. Lidster said the Kingdom Hall is to be a centre for Christian activity dedicated to the pure worship of Jehovah God.

According to the program of study that all congregations of Jehovah's Witnesses follow, several meetings will be held each week in the new building.

Presently Jehovah's Witnesses are meeting at 31 Frankford Road and Mr. Lidster has issued an invitation to the public to attend without charge. He listed the current meeting schedule as follows: Public Bible Lecture, Sunday 2:30; Watchtower study, Sunday 3:30; Ministry School, Thursday 7:30; Service Meeting, Thursday 8:30; Congregation Bible Study, Wednesday, 7:30 p.m.

Within a radius of 50 miles in the southwest section of Maine are towns named China, Norway, Naples, Peru, Athens, Denmark, Belgrade, Detroit, Poland, Dresden, Palermo, Belfast, Mexico, Paris, Lisbon and Frankfurt.

## Minister Booed By Farmers

About 1,200 members of the Ontario Farmers' Union marched on Queen's Park early in April and booed Agriculture Minister William Stewart when he said: "We'll see what we can do" about their demands for higher prices for farm products.

Anger built up among the crowd late in the morning when no govern-

ment officials turned up at a meeting in a downtown hall to discuss the farmers' requests for more money. The marchers had come in busloads from as far away as Renfrew, 50 miles northwest of Ottawa, and some individuals had travelled from as far as Timmins.

When they reached Queen's Park, the marchers had a 15-minute wait before Mr. Stewart, who operates a farm near London, appeared.

During the interim, New Democratic Party Leader Donald MacDonald and Farquhar Oliver (L-Grey South) spoke to the crowd.

Mr. MacDonald said the farmers' brief was "one of the finest" he'd ever seen.

### Backs Protest

"But it is an arrogant rebuff to you people that it will be presented to a blank wall. I hope you protest more and more. Farm products are too often government controlled and manipulated."

The crowd, which had been chanting "we want action, we want Rob-

arts", booed when Mr. Stewart appeared.

"As a farmer, I would be inclined to get out and march with you," Mr. Stewart said. "If we could do all the things you ask in this brief, farming would be a pretty good job."

Hoos of derision greeted the minister's promise that the brief would be studied. "We'll see what we can do," he said, over the noise.

Can't Approve All

"But I don't know if we can do anything. You don't expect me to say yes to all your demands. Premier Roberts has asked me to call you to a meeting."

"Come in and talk to us and we'll see what we can do."

OPU President John Dolmer said the union intends to force the government by various means "to improve the condition of a distressed agriculture."

He said Ontario farmers are ready to block roads with farm machines unless their demands are met. The farmers were not happy with the reception given them, and if nothing is done about increased farm product prices and their other demands, a general membership meeting will be held to determine future action.

# OMSIP enrollment period extended to May 16th

Ontario Health Minister Dr. M. B. Dymond has announced that residents of the Province may still receive full Ontario Medical Services Insurance Plan coverage and benefits by July 1st providing they enroll in the Plan before May 16th.

"The Plan is a success," declared the Minister. "The number of applications received already cover more than 1,100,000 of our citizens."

Dr. Dymond added, however, that a large number of residents had indicated they would join OMSIP but for a variety of reasons had been unable to send in their application in time. The OMSIP open enrollment period has therefore been extended by two weeks in order that these persons may qualify for coverage from the day the Plan goes into effect on July 1st.

"The May 16th deadline is final," added the minister. "This enrollment deadline cannot be extended any further because it takes time to process such a flood of applications even with the most modern equipment available."

The extension of the open enrollment period means that those residents who have already enrolled, and those who enroll before May 16th, will be protected by OMSIP, beginning July 1st.

Ontario residents who enroll after May 16th will have to undergo a minimum three month waiting period before they are entitled to OMSIP coverage and benefits, said Dr. Dymond.

OMSIP head office is located at 135 St. Clair West, Toronto. Applications are already being processed by modern micro-photo methods and computers.

## OLD AGE PENSIONERS

Many old age pensioners have automatically been enrolled in OMSIP but most must fill in and submit an application.

Those who will get automatic coverage are pensioners who are presently receiving benefit under The Ontario Old Age Assistance Act, or those pensioners who have been declared eligible for coverage by the Ontario Department of Welfare. These pensioners have already received their OMSIP registration cards.

All other pensioners must complete and submit an application to receive OMSIP coverage.

If you have not received an OMSIP registration card, or have not already sent in an application form, you must apply before May 16th for coverage when the Plan starts on July 1st.

Notification of acceptance to be sent out shortly. People who have already enrolled in OMSIP need not apply a second time.

Dr. Dymond stated that their applications are now being processed, and their notification will arrive in the mail very soon.

## OMSIP BENEFITS

OMSIP provides practically all physicians' services as benefits including:

- Doctor visits in the home, office or hospital.
- Diagnosis and treatment of illnesses and injuries.
- Diagnosis, pre-operation care and treatment, surgery and post-operation care.
- Obstetrical care, including pre-natal and post-natal care effective from the date of enrollment.
- Anaesthesia and X-rays for diagnostic, surgical and other procedures.
- Treatment of fractures and dislocations.
- Certified specialist services at established rates when you are referred to the specialist by your doctor.
- Certain dental surgical services performed in a hospital.

NOTE: OMSIP will not pay for the cost of hospitalization. OMSIP is an additional service, not a substitute for Ontario Hospital Insurance. You will still require coverage by Hospital Insurance.

## OMSIP IS VOLUNTARY—APPLICATION IS NECESSARY

OMSIP is a voluntary plan and you can cancel your membership at any time.

The government, however, can only cancel memberships in the case of misrepresentation, misuse of services, non-payment of premiums, or 3 months after a member has ceased to be a resident of Ontario.

If you fill out this appli-

cation and mail it now, you will be eligible for OMSIP coverage beginning July 1st. Otherwise you will have to wait a minimum of 3 months for your coverage to begin.

Since these applications have to be recorded with a micro-photo machine, please print carefully and plainly with a ball point pen only.

SEND YOUR COMPLETED APPLICATION FORM TO  
OMSIP, P.O. BOX 1700, TERMINAL A, TORONTO

## OMSIP PROVIDES COVERAGE REGARDLESS OF AGE, INCOME OR HEALTH

OMSIP has been established to provide adequate insurance coverage for the payment of doctors' bills, and to make this coverage available to all Ontario residents regardless of their age, income or state of health.

Enrollment in OMSIP is voluntary.

The Plan is intended for individuals and their families and does not provide group coverage. (Group coverage is where a number of individuals collectively purchase insurance through their place of employment, union, etc.)

Everyone who has lived in Ontario for the past 3 months is eligible to join, except those who are entitled to physicians' services under another Act.

Members are free to choose their own doctor. If a member travels outside the province, and requires care, OMSIP will still pay the doctors' bills up to OMSIP established rates.

People who find they cannot continue to pay for all or part of their OMSIP contract because of unemployment, illness or disability, may apply for temporary assistance in paying their fees.

Since the aim of OMSIP legislation is to provide adequate medical insurance for Ontario residents, full or partial premium assistance is available for those who require it.

### Automatic fully-paid coverage

Many residents and their dependants have automatically received fully paid coverage under OMSIP. These are people who are already receiving benefits under the following Acts:

- The Blind Persons' Allowances Act
- The Disabled Persons' Allowances Act

- The Old Age Assistance Act

REID — In memory of a dear son and brother, Clifford Gordon Reid, who passed away May 7th, 1961.

He didn't know when he left home, He would no more return, That he in death so soon would sleep, And leave us here to mourn. But we will remember our whole lives through, The last words we had with you.

— Sadly missed and deeply loved by Mother, brothers and sisters.

REID — In loving memory of a dear son and brother, Richard Allen (Dick) Reid, who passed away May 11th, 1964.

A day of remembrance, sad to recall, Without farewell, he left us all. Please, God, forgive a silent tear, A secret wish that he were here. For in God's Garden, now at rest, Peacefully sleeping, lies one of the best.

— Sadly missed by Mother, brothers and sisters.

REID — In loving memory of Richard Allan (Dick) Reid.

Two sad years have passed since that sad day

When Dick was called away. What I would give to say, "Hello, Dick", in the same old way. To hear his voice, see his smile. So many things have happened. So many things to share with him. Had he been left to stay. Friends may think I have forgotten. When at times they see me smile. But they little know the heartache My smile hides all the while.

## NOTICE

### Village of Stirling

At the request of the Council of the Village of Stirling, the Ontario Water Resources Commission has investigated the possibility of installing works in the said Village, a sewage works project to serve part of the Village of Stirling and now proposes to construct such works at an estimated cost of \$79,013. This amount will be repaid to the Ontario Water Resources Commission over a period of 30 years.

The proposed project would consist of the following works:

Extension to the sewage works system consisting of sanitary sewers as follows:

On Allan Street from Front Street to St. James Street.

On St. James Street from Allan Street to 600' East of Allan Street.

On Front Street West from Frankford Road to 1,475' W. of Frankford Rd.

On Belleville Road from 1,160' N. of Rodgers Drive to Rodgers Drive.

On Baker Street from Wellington Street to 500' N. of Wellington St.

On Wellington Street from Edward Street to Baker Street.

On Rodgers Drive from 350' W. of Belleville Road to 550' W. and North from Belleville Road.

Including building sewers from the main sewer to the property line, together with the installation of a pneumatic ejector sewage pumping station to be located on Rodgers Drive, discharging through a force-main to the sanitary sewer on Belleville Road.

The estimated annual cost of the project is \$6,975 which includes interest, debt retirement, operating cost and reserve for contingencies.

It is proposed to raise this sum as follows: \$1,330 by a frontage rate of 20c per foot on all lands abutting on the sewer, \$4,911 by a levy of 4.1 mills on all the rateable property within the Village and \$734 by a user rate of \$20.40.

In computing frontage rates, provision shall be made for the exemption or partial exemption from a foot frontage rate and for the termination of such exemption or partial exemption in the following manner:

(a) In the case of lots situate at the junction or intersection of streets or highways, all flankage will be exempt from frontage rate.

(b) In the case of lots that are triangular or irregularly shaped, a reduction shall be made in the frontage rate which otherwise would be chargeable thereon sufficient, having regard to the situation, value and superficial area of such lots as compared with other lots, to adjust the said frontage rate on a fair and equitable basis.

(c) In the case of lots that because of the nature of the terrain or the elevation of the sewer, do not derive the same benefit as other lands abutting on the sewer, a reduction shall be made in the frontage rate which otherwise would be chargeable thereon sufficient, having regard to the benefit derived as compared with other lots, to adjust the said frontage rate on a fair and equitable basis.

(d) Where a lot is for any reason wholly or in part unfit for building purposes, a reduction shall be made in the said frontage rate which otherwise would be chargeable thereon, sufficient to adjust its said frontage rate as compared with that of the lots fit for building purposes on a fair and equitable basis.

(e) Where a lot, other than a corner lot, has two or more limits that abut on works and the size or nature of the lot is such that any or all of the works are not required, a reduction in respect of the works that are not required, so long as they are not required, shall also be made in the said frontage rate that would otherwise be chargeable thereon, sufficient to adjust its said frontage rate on a fair and equitable basis.

The reduction shall be made by deducting from the total frontage of the lot liable for the said frontage rate so much thereof as is sufficient to make the proper reduction, but the whole of the lot shall be charged with the said frontage as so reduced.

On the basis of these levies, a house having a frontage of 75 feet and an assessment of \$2,500 would pay the following amounts annually:

75' frontage at 20c ..... \$15.00

4.1 mills on assessment of \$2,500 ..... 10.25

User rate ..... 20.40

\$45.65

Any owners or other persons affected by these charges may file their objections thereto in writing with the undersigned within 21 days of the first publication of this notice.

The Ontario Municipal Board may approve the said special rate pursuant to the statute and may approve the said works, but before doing so it may appoint a time and place for a public hearing when any objections will be considered, but notice of such hearing will be given only to those persons who have given notice of objection as provided for above.

All plans, reports and estimates may be inspected at the office of the undersigned during business hours.

DATED AT STIRLING and first published this 4th day of May, 1966.

W. L. POLLOCK,

Clerk-Treasurer,

Village of Stirling,

## A Letter To The Editor

Dear Mr. Hulin:

I am enclosing a cheque to renew my subscription for the Stirling News-Argus for another year.

I might say I enjoy reading the News-Argus every week. I know most of the people in and around Stirling and I like to keep track of what they are doing and the News-Argus tells me. I have no relatives in Stirling now but I may make a short visit there next summer.

I hope all my old friends have good luck and fortunate happenings during 1966 and especially to you, Mr. Hulin.

Yours sincerely,

### High School Board To Introduce Driver Training Education Next Term

#### Principal Presents Report; To Redecorate Various Classrooms This Summer

The monthly meeting of the Stirling-Rawdon District High School Board was held Monday night. Harry Morrow chaired the meeting, supported by Dr. R. B. Murray, Jas. Johnston, Burton Morton and Wm. Morton.

A letter of thanks was read by Secretary-Treasurer G. G. Bailey from the Art Club, thanking the Board for financing their bus trip to the Art Gallery and Museum, Toronto.

#### Caretakers' Report Received

In his monthly report, Joe Irish outlined various minor repairs made during the month. He requested that five dozen gliders be purchased for the bottoms of chairs and tables. Mr. Irish also informed the Board that arrangements had been made with Maurice Bell for the painting of various classrooms during the summer vacation. A tack board for Room Six had been requested by the teacher, stated the caretaker. His report was received on motion of Dr. R. B. Murray and Burton Morton.

#### Driver Training Course

A considerable discussion ensued regarding the advisability of providing a driver training education programme in the school next term. Principal R. T. Hayes noted that a teacher on the staff is willing to take a summer course on this subject and is willing to instruct the pupils in driver education next fall. He also mentioned that a training vehicle is available from a car manufacturer and that the course had been approved by the Ontario Department of Education.

On motion of Dr. R. B. Murray and Jas. Johnston, the Board will introduce the driver training course, beginning next term.

#### PRINCIPAL'S REPORT

The Principal's report was received on motion of Wm. Morton and Burton Morton, as follows:

#### Principals' Meeting

On Tuesday, April 19th, a meeting of Bay of Quinte region principals was held in the Belleville education building together with Assistant Superintendents Froats and Dalsell and District Inspectors McLeod and Cameron.

In the discussion on Grade 13, the consensus of opinion was that it would be in the best interest of most students to try seven credits. The difficulty of providing space for the independent study required of the Grade 13 students was discussed. The library is the best area, if available. The need for more books was stressed. General and Advanced courses are unlikely to be introduced unless on a limited experimental basis for some years yet.

The Eastern district of the department has been split in two. The Kingston office will now take care of the eight counties from Frontenac to Halton and Mr. Froats, the Assistant Superintendent will be responsible for two secondary and 13 elementary inspectors and four municipalities. The aim is to co-ordinate education from grade 1 to 13.

Other administrative problems were discussed such as timetabling on a 6 day 7 period cycle.

#### Junior Mathematics Contest

Nine students from Stirling tried the Junior (Grades 9-11) Mathematics Contest. The top three students were Suzanne Murray, Ralph Dunham and Gregory Boyd. Their scores were added for a team score.

Of the 16 schools in district 23, 9 entered the mathematics contest and Stirling placed sixth. Moira won in this district by a substantial margin over Picton and Napanee. The next four schools were close: Madoc, Quinte, Stirling and Brighton, followed by B.C.I. and Nicholson.

The Principal was particularly pleased that 6 of the 9 students were from grade 10, including 3 of the top 4. This augurs well for next year.

#### School Visitors

Representatives of the Peterborough Teachers' College interviewed

#### "At Home"

Mr. and Mrs. Cleo Bedell, 29 Emma St., Stirling, will be "at home" to their friends and relatives on Sunday, May 22nd, in the afternoon and evening on the occasion of their twenty-fifth wedding anniversary.

#### Stirling W.I. Meeting

Mrs. Floyd Bartlett opened her home to the members of the Stirling W.I. for their Wednesday afternoon meeting with ten members present.

Mrs. F. Smith gave the usual welcome and opened the meeting with the regular procedure. The roll call was a tribute to Mother, her family, home and community.

Another silk quilt top has been received as a donation from Mrs. Bridges, Madoc Junction, for which the W.I. is most grateful.

As the members' annual treat, the dinners at the District Annual will be paid for from the treasury.

The W.I. again donated a Bible at the 16th Annual Festival of Sacred Praise. As the winner, Randy Scott, had won it last year, the Sunshine Committee decided to present him with a hymnary with his name inscribed.

The programme consisted of readings showing appreciation to Mothers, as follows: Mrs. M. Aythart, "She Mothered Five"; Mrs. B. Reid, "A Tribute to Mother"; Mrs. D. Lavery, "Mother's Day"; Mrs. F. Bartlett, "Mother's Apron"; Mrs. E. Foster, "A Halo For Mother"; Mrs. W. C. West, "A Tribute to Mother"; Mrs. C. Clancy and Mrs. C. Hicks, also contributed to the programme with readings; Mrs. F. Smith, "The Value of a Mother".

Mrs. David Luery invited the W.I. to her home for the June meeting.

#### candidates for admission at the school on Tuesday, April 26th.

Mr. Ekland of the Provincial Institute of Trades spoke to grade 10 and 11 four-year students on requirements for admission to courses available through the Ontario Vocational Centres.

Mr. Voss of the National Employment Service interviewed students of grades 12 and 13 who are considering entering employment this June.

#### Track and Field

Stirling boys won the J. L. Good Trophy for track and field in Centre Hastings District. The meet was held in Stirling and Campbellford entered the meet for the first time.

The girls placed third in their meet which was held in Tweed on the same day.

### Ted Cairns Elected President Stirling Chamber of Commerce

The annual Dinner Meeting of the Stirling Chamber of Commerce was held at the "Sterling" Hotel on Thursday evening.

Chamber of Commerce President Les Rawlings called on Mr. J. B. Belshaw to say Grace.

A joint dinner meeting was held in September with the Rotary Club, when a speaker from the Area Planning Board outlined the work of his department and how the district could benefit by area planning.

Mr. Rawlings also mentioned the Chamber of Commerce's part in arranging for Santa's visit in December when treats were given the children and free skating was enjoyed at the Arena.

It was pointed out that at a recent directors' meeting, downtown parking was discussed. A suggestion was made that if vehicles owned by store owners and staff were parked off the Front Street, considerable parking space would be available for customer parking.

A "Welcome Wagon" project for new residents of the Village was discussed and will be looked into further.

Film Shown  
An interesting film "Wings of Your Own" was shown by Stuart McArthur and Don Rodgers. This movie outlined some of the activities at various flying clubs in Canada and showed how one could obtain a pilot's licence.

#### Ted Cairns New President

In the report of the nominating committee presented by Gen. Noble, the name of Ted Cairns was presented for President. Bill Little will again assume the duties of Secretary-Treasurer. The office of Vice-President was left in abeyance until the next meeting of the directors.

### TO FEATURE WESTERN GAMES AT STIRLING FAIR

A well-attended meeting of the Directors of the Stirling Agricultural Society (Fair Board) was held at the Board Room of the Ontario Department of Agriculture Thursday night. President Ivan Saries chaired the meeting.

Further plans were made regarding Stirling Fair, September 2nd and 3rd. Several changes were recommended in the Fair programme and prize lists.

A lengthy discussion was held on the Western Games programme, which proved so popular last year. It was the consensus of the Directors that this event should be held again this year. Ted Cairns was given the authority to arrange the programme of events and revise the prize list.

The directors are working hard on the prize lists and hope to have them ready for printing by the end of May.

### Letter To All Ratepayers Regarding Sewerage Extensions In Stirling

#### Reeve D. W. Rodgers Outlines That Frontages Advertised are Only Tentative

The Corporation of the Village of Stirling has advertised certain streets within the Municipality in which it is proposed to install additional sewerage lines.

The amount of monies tentatively approved by the Ontario Municipal Board for expenditure, represents a sum that may receive final approval only but doesn't direct where the actual installation may be.

It should also be pointed out that the footages, as outlined, are only tentative and that all or none may be actually installed. We know of some cases where the footage mentioned (particularly Belleville Road — Rodgers Drive) are excessive but, as mentioned, the figures used by the engineer were tentative only.

In a telephone conversation with the engineering firm this week, they stated, in this regard, they would be in Stirling in about 10 days to take final measurements and to complete the engineering requirements.

Certain individuals in the Village have asked for small extensions to allow them to be connected. It is the intention of Council to give these requests every consideration, but, for the present, patience is necessary until Council gets some figures to evaluate what can be done. This will be a few months yet.

Certain main streets in the Village will be rebuilt in the near future. These areas have to be given prime consideration. In other spots, sewerage developments may serve to

### Plans Completed For Holding Annual Community Fireworks Display

#### Event To Be Sponsored By Stirling Legion on Monday Night at the Fair Grounds

The Stirling Branch, Royal Canadian Legion, is again sponsoring a big display of fireworks in celebration of Victoria Day, on Monday, May 23rd.

A two-fold purpose is served by this Legion activity. The traditional celebration of the 24th of May holiday and the elimination of a lot of irresponsible lighting of fireworks in the Village, with the consequent fire hazards. Parents can take the family to the one big show, outside the Village, and enjoy the fireworks in safety.

In the past, this project has enjoyed the enthusiastic support of the community and Legion members again canvassing to promote the sale of \$1.00 tickets, which will cover entrance and parking at the show.

Tickets are also on sale at Noble's Drugs, Patterson's Men's Wear, Wells Motors and Montgomery's Service Station.

All citizens are urged to support this annual event to the extent of purchasing a ticket and help to ensure the proper supervision of the fireworks. A real bang-up show is planned.

Plans have now been completed for the Stirling-Rawdon Junior Band to entertain prior to the fireworks display.

### Birthday Party Cancelled

Mr. Edward Montgomery, a former resident of Mount Pleasant, became ill on Wednesday evening, May 11th, at Hastings County Manor, Belleville. He was 90 years of age on Thursday, May 12th, and the party scheduled for Sunday afternoon, at Frankford Community Hall, was cancelled.

On Friday evening, Mr. Montgomery was admitted to the General Hospital, in Belleville.

On Sunday afternoon, after his immediate family had arrived, the nurses and aides on Second Floor South brought in a decorated birthday cake with two candles and the group sang, "Happy Birthday, Mr. Montgomery". The family deeply appreciated this kind gesture.

### Pot Pourri Well Received

A good crowd was in attendance on Saturday, May 14th, at the Stirling Theatre, when Holloway St. United Church Energetic Club, Belleville, presented music and comedy entitled "Pot Pourri". This fine evening's entertainment was sponsored by St. Paul's United Church AOTS Men's Club.

The programme consisted of skits, square dances, solos, quartettes, numbers by the Quintettes (female barbershop choir group), the Glee Club and the Folk Singers, "Three Plus One". The "Top Hatters" stole the show with their novelty rock 'n' roll number.

Following the programme, the members of the cast were served lunch by the Men's Club at St. Paul's United Church.

age dispersal is acute; construction is also being delayed. These affect our deliberations.

The 4.1 mills mentioned as part of the charges is a suggested figure. Actually, if the necessary installations are completed, and with the revenue anticipated from increased assessment, an additional mill rate increase would be of very short duration, if it accrues at all.

It is hoped this explanation of sewerage developments may serve to clarify some points that have been raised.

## Mount Pleasant Rawdon UCW

On Wednesday evening, May 11th, forty-four ladies convened in Mount Pleasant Rawdon Church Hall for the May meeting of the United Church Women. Fifteen visitors were in attendance from Stirling, River Valley, Carmel, Bonarlaw, Wellman's, West Huntlington, Madoc and Hards.

Mrs. Harry McAdam, president, welcomed the group and gave a special message.

Several missionary hymns were used throughout the service with Mrs. Mac Sharp as pianist.

Mrs. Frank Bailey gave the financial statement. Mrs. Ira David conducted the roll call, centred around a Bible verse.

The correspondence included invitations on May 14th and to Carmel on June 9th. The U.C.W. will cater to an Executive meeting of Belleville Presbyterian U.C.W. on June 23rd.

**Presentation**  
A special presentation service was held when Mrs. Lindsay Sills of West Huntlington presented her mother, Mrs. Kenneth Weaver, with a Life Membership Certificate in the U.C.W. and the accompanying pin.

**Pictures of Nassau**  
Mrs. Robert Merrick gave a very descriptive movie film of their recent trip to Nassau. She also had on display

play a large selection of decorated baskets and shells, etc.

### Devotional

Mrs. Marguerite McMullen and Mrs. Herbert Smith conducted the Devotional which was based on Trinidad. This was taken from the U.C.W. Partners publication and included a special Litany for all the group. Miss Annie Holmes read the Intercession.

Mrs. Burton Morton was in charge of the last chapter of the Study Book entitled, "A Meeting of Faiths".

The oldest Presbyterian church in Trinidad was founded in 1871 and was capable of seating three or four hundred people. The members were given envelopes for their contributions and by 1899 it was a self-supporting church and they paid the salary of their minister.

At the end of December, 1961, the membership was 862. The Sunday School had an enrollment of 300, with an average attendance of 275 and a staff of twenty teachers. The Young People's Fellowship observed their 70th Anniversary that year.

The adult Christian Education in Trinidad, centred around the Woman's Missionary Society for the women and the AOTS Men's Clubs.

Their Bible Study for 1963 was based on Biblical stories of those folk who showed the way to others. The secretary of the AOTS Men's Club wrote in 1963: "Though our

membership is small, we hope to go forward with greater force after hearing a message from Ralph Wilson."

On August 31, 1962, Trinidad-Tobago became an independent member of the British Commonwealth of Nations and this has brought about some pressing problems. The churches helped to form the new constitution up on the principle of the Supremacy of God. Industrial expansion is on the way with many new factories. The Presbyterian primary and secondary schools accept children of all races. The shorter hours of work in connection with the sugar, cocoa and coffee plantations means enforced leisure and here the church is trying to stabilize the influence of religious faith.

The Presbyterian Church in Trinidad has a big program of evangelization as there are over 300,000 non-Christians and they hope to give this matter more careful study, leading to their centenary celebration.

Mrs. Herbert Smith voiced thanks to all those who had contributed to the success of the meeting.

The lunch committee, Mrs. Stanley Williams, Mrs. D. Knight and their assistants served a variety of fruit bread and all enjoyed a social, half hour, after which Mrs. Frank Bailey expressed thanks for the refreshments.

The earth is the fifth largest planet.

Mr. McComb was preparing to go hunting when the accident occurred. He was in his 34th year.

Son of Allan McComb and the late Mrs. McComb, he was born at Bonarlaw and attended school at Stirling and Belleville before going on to Teachers' College and the Guelph Agricultural College. He was an adherent of the Lutheran Church.

He is survived by his wife, the former Selma Wozzak and two daughters, Roxanne and Maxine, both at home; a sister, Mrs. Don (Edna) Thompson, R.R. 5, Belleville, and a brother, Delbert McComb, of R.R. 5, Belleville.

## Site Selected At Napanee For New Regional Jail

The site of the proposed four county regional jail to serve the counties of Hastings, Prince Edward, Lennox and Addington and Frontenac has been chosen and tenders for the \$2,250,000 complex will be called in the near future.

The new regional jail will be built just north of Napanee on a 36 acre site along Highway 41. The site is almost directly opposite from the new provincial police detachment office.

The jail site will be purchased from Vernie Kimmitt. A deposit of \$1,000 has been made on the purchase price of \$23,000 with the option period to run to October 25th.

A special property committee headed by Fred Beckett, of Hastings, chairman of the regional detention centre board, selected the site after looking at several properties in the Napanee area.

## Editorial

### BE CAREFUL — BE COURTEOUS

For the past several years highway accidents have been Canada's number three killer — right up there behind circulatory heart diseases and cancer. What is the cause of this carnage on the highway?

Some contend that high speed and modern freeways contribute to the accident toll and recommend that only well qualified drivers with excellent driving records be allowed on the freeways. Others point out that during peak traffic periods, such as summer vacation time, more people are involved in accidents on secondary highways than on the freeways. Still others insist that it's not speed but alcohol which is the villain on the road, and recommend the use of breath and blood tests to disqualify the drunken driver. But if the ideal could be reached when all cars travelled at the posted speed and all the drunks called a cab, there would still be accidents — for other reasons.

As desperate people plant bombs on jetliners, so the family car at times becomes a lethal and homicidal weapon. Recent reports from investigators reveal slashed hydraulic brake lines and other forms of tampering with motor vehicles to promote a deadly accident. People are shocked to discover that this sort of thing is being done, even by a few persons. Yet the unthinking and the discourteous driver is little removed from this, as is indicated by the charge which may be brought against him of "criminal negligence".

Recently a young woman who took an examination for her first driver's licence was passed by her examiner who commended her on a "good road test", though she was aware she had made some mistakes. Why did she pass?

"You're careful and courteous," said the examiner. "That's what is required of a good driver. The rest is simply practice."

"When some men discharge an obligation," wrote Mark Twain, "you can hear the report for miles around."

### Page Spread On Hospital In Magazine

Belleville General Hospital has achieved province wide publicity in the spring edition of "Hospital Highlights", published by the Ontario Hospital Association.

The edition, just off the press, carried a full page spread on the Belleville hospital's achievement earlier this year in being the first in Canada when an electrocardiograph was transmitted between Campbellford and Belleville via regular long distance telephone lines.

The article tells the story of the Belleville "first" and includes pictures of the sending procedure at Campbellford and of the receiving equipment at Belleville.

### St. Paul's UCW Unit Three

On Tuesday evening, April 19th, Mrs. Gilbert Finkle was hostess at her home to a good turn-out of ladies for the regular U.C.W. meeting of Unit 3.

The leader extended a warm welcome and opened the meeting with the Purpose and the Lord's Prayer, repeated in unison, and reminded the members that "In our hearts we know that what we need is not so much a better organization, or a bolder program of action, but a new amazement in the face of the reality and riches of Jesus Christ, and a new vision of the whole world in His light."

Let us live in the expectation that the fullness of His spirit is coming in our midst."

From the Book of Psalms, Mrs. Grant Stapley and Mrs. R. Williams conducted a most inspiring devotional.

Reports were given by: the treasurer, Mrs. D. Donohoe; social, Mrs. G. Finkle; programme, Mrs. D. Williams; visitation, Mrs. E. Reynolds.

A special prayer was offered for the sick and shut-ins.

All members were encouraged to use their envelopes for regular giving and thank offerings. A Good Steward not only believes on Him, but is willing to sacrifice for His sake.

Mrs. Don Williams conducted an impressive Bible Study. Members were asked to write down the last utterings of Jesus from the Cross.

The following questions and sayings were discussed and "search parties" sought information from different Scriptures, after which all finds were summed up.

First — In what way is the existence of the Church evidence for the Resurrection?

Second — What is meant by the "new humanity" created through Christ?

Lastly — "It is finished!" — John 19:30.

The meeting closed with the Benediction.

Mrs. Bert Bastedo and her helpers served lunch and a social time was enjoyed. Mrs. Max Preston extended thanks to the hostess and those who helped with the programme.

The visiting committee for the month of May is Mrs. Lee Floud and Mrs. Allan Munro.

### Stephen Patrick Writes Poems

Stephen Douglas Patrick, at fifteen has a rather rare gift for the use of words. He is a son of W.O.2 Bob Patrick and Mrs. Patrick, of Shilo, Manitoba, and a grandson of Mrs. Thos. MacConnell, of Stirling. The following are two samples of his writings:

#### A TREE

Upon the ground the shadows  
in the sun  
Cast taller and darker  
silhouettes.

For the cold weather has gone  
once again,

And once again the earth  
breathes deeply;

The trees coming back to  
life, begin

Their challenge to existence  
once again.

A tiny seed falls from a dying  
tamarack

A tamarack with hopes of  
carrying on

Life, even with its grasping,  
failing health.

This seed, unlike the others,  
Must not die, for it has an  
ideal.

A purpose to live. It must  
carry on,

Preserve the existence of its  
species. With such simplicity  
and faith it sends

Into the ground its thirsty roots.  
Sucking water from a dry  
brown earth.

At this stage I leave the tree  
Young as it be, and so

defenceless,

Yet it must not die, it must  
live on

And demonstrate with its  
entwining limbs

The beauty and simplicity by  
which it lives,

Naïve Nature, ignorant of all  
the fruitless fancies of man,  
Thus dwells perfection.

#### FREEDOM

Ours is a wealth of freedom. We have the freedom of speech, faith, thought and freedom from want and fear. All men have the same freedoms, but in different quantities. We have as much freedom now as we can have, without the worlds becoming corrupt. We can think and act as we like, but we must observe the rights of others. With a life such as ours, we are all rich, even though we may not have a cent to our name. Ours is the world, but it becomes our duty to strive to keep it a good place to live in, and not just for a chosen few. Men don't realize how lucky they are.

### Care of Cars Most Important

A safety expert for the car manufacturers said recently the present controversy over automobile safety design is obscuring the more basic causes of highway mayhem.

M. R. Darlington, managing director of the U.S. automobile industry's highway safety committee, was speaking at a meeting in Vancouver of Washington state automotive dealers.

"There isn't much point in building safer cars to crash in," he said. "The automobile won't do anything the driver doesn't make it do, provided he keeps it in good condition."

### Rylstone W.I. Honour Grandmothers

Mrs. Lindsay Anderson, President, was hostess to the Rylstone W.I. at the Sunday School room of Zion Church, recently, for their Grandmother's Meeting. There was a fair attendance, in spite of sickness and the rush of seasonal work.

The president opened the meeting with the Institute Ode and Creed and the roll call was answered by "Grandmothers of History".

Mrs. Chas. Stewart was re-elected to the office of vice-president.

It was decided to assist in the catering for the Steam Engine Rally to be held in Campbellford in June. Each member is to make candy for a sale table at the District Annual Institute meeting at Queensboro on May 27th. Delegates for this annual meeting are the President, Mrs. Anderson; the District Director, Mrs. Don Kerr, and another to be chosen.

Mrs. Hector Arnold expressed her thanks for sympathy received after

the death of her mother.

Mrs. Don Stewart presented each grandmother with a corsage and the youngest and oldest grandmothers with a small gift.

Mrs. Anderson introduced Mrs. Barton Haggerly, of Ivanhoe, District President, who gave an interesting talk on historical events and other items of interest from the past. She was thanked by Mrs. Ernest Irwin.

There were three readings given: "Vitamins", by Mrs. E. Irwin; "Home at Eventide", by Mrs. Frank Osborne and "The Patchwork Quilt", by Mrs. Ernie Rowe.

A "Silent Auction" was held and an exchange of bulbs, seeds and plants.

Lunch was served by the hostess and the lunch committee, Mrs. Gerald Fetherick and Mrs. Don Kerr. The programme committee was Mrs. Don Stewart and Mrs. Gordon Melke-John.

### Chatterton W.I.

The May meeting of Chatterton W.I. was held at the home of Mrs. Harold Reid, with a good attendance of members and a number of guests.

The President, Mrs. DeMille, opened the meeting in the usual manner, followed by a reading, "Mother". The roll call, "Suggestions on how to have a nice figure", was answered with very good answers.

The business included: A display for Belleville; Sale of tickets on the quilt made by the members with Mesdames W. Dixon, A. Gulliver, D. Little, Miss Ross as committee in charge; Invitations to River Valley Tweedsmuir Tea on May 23rd at the home of Mrs. Roy Bush and Mrs. Glenn Bush; Sidney South social evening on May 27th, at Centenary Hall. June 18th was the evening set to entertain the

Youth Group.

Mrs. Albert Carson was in charge of the Health programme which opened with singing. A letter, written by Mrs. Leonard Preat, was read re improvement desired for County Home and future homes for the elderly. Members in favour of her recommendations, signed a petition to be forwarded to district secretary. Mrs. Lorne Reid read "The World Is Mine". Mrs. Floyd MacInnes read "Have Tonells Been Over-Emphasized" and excerpts from Canadian Consumer.

The meeting closed with the Queen and Grace. A sale of plants and bulbs realized a nice sum for the treasury and a dainty lunch was served by the hostess and her assistants.

The June meeting will be held at the home of Mrs. Roy Ross with a rummage sale to follow the meeting.

## THAT SOUND AGAIN

Stirling residents who play the trumpet or trombone know that the way the mouthpiece is held to the lips can make a world of difference in the sound produced. Did you know that there's another very familiar instrument you know that depends on the way you hold it? e.g. your telephone! When the telephone mouthpiece is held in the proper position . . . about three-quarters of an inch from the centre of your lips . . . your voice can travel thousands of miles and come out with the same quality as a face to face conversation. This is a fact that is made possible by transmission engineers whose job it is to ensure a clear and perfect sound for your conversations. This is a part of our continuing program to make transmission even better . . . and telephone service more valuable.

## NIGHT PEOPLE

How late do you like to stay awake at night? Do you call it quits reasonably early to get a good night's sleep? Or do you last through the late, late show? Well, it's the job of certain telephone people to stay awake all night so that your telephone is ready to serve you at any hour. Among the night people at Bell Canada are operators, of course, for person-to-person calls, for information, and for emergency services. There are men in test centres who receive "trouble" reports at night and test the circuits affected. There are cable crews who must be available for emergency repair jobs that can't wait for morning. . . . such as the circuits that handle telephone calls for police, hospital and fire services. Yes, tonight and every night, your telephone is awake, alert, and at your service.

## COMMUNITY FIREWORKS DISPLAY VICTORIA DAY

On Monday, May 23rd, the Citizens of Stirling and district will celebrate Victoria Day with a Community Fireworks Display at the Stirling Fair Grounds. The programme has become an annual event sponsored by the Stirling Branch of the Royal Canadian Legion. This is one means of reminding all citizens, especially our youngsters, of their great Canadian heritage. While all of us look to the future, it is most important that we remain mindful of the past and of those things which made our nation great and prosperous. The Community Fireworks Display draws all residents in the community together. It helps to emphasize the importance of all people working together for the well-being of all.

## Calla Lily Mass Produces Its Blooms

How many blooms can be expected from a calla lily in the course of a year.

Professional florists say that four or five blooms is about the maximum, but if this is the case, a Sidney township woman has a lily that has gone

prolific.

Mrs. Walter Savage, living on the 4th of Sidney, near Wallbridge, has a lily which is now working on its 21st bloom since Christmas. Fifteen of the blooms have come and gone, one is now in full flower and five more buds show promise of blooming in the near future.

One florist offered the possible explanation that Mrs. Savage's lily may be an old plant whose new plant growth had not been separated.

## Rylstone U.C.W.

The May meeting of Rylstone United Church Women was held at the home of Mrs. Wilfred Spencer on Wednesday afternoon, with an attendance of ten ladies and two children.

Mrs. Ross Dickie, president, was in charge of the devotional entitled "God Instructs - We Intercede". She was assisted by Mrs. James Legge and Mrs. Lindsay Finch, who read Scripture passages. The hymn, "O Happy Day" was sung and a splendid Bible study entitled, "Sowing" was conducted by Mrs. Lloyd Anderson, closing with a short prayer. She also read a poem, "Remember - and Pray Harder".

Invitations were received from Stanwood U.C.W. to attend their annual missionary meeting to be held at their church on Wednesday, May 18th; and from Hoard's U.C.W. to

attend their Spring Tea and Bazaar on Saturday afternoon, May 21st.

Arrangements are under way for the annual tea and bazaar to be held in Rylstone United Church by the U.C.W. early in June. Organizations from the surrounding churches are being invited to attend. Special speaker for the day will be Mrs. Maurice Clancy, of Holloway.

A letter of thanks was read for bales of used clothing, sent to a missionary depot in Toronto. Mrs. Gordon Apps expressed her thanks for cards of cheer received during a recent illness.

Plans were discussed for a probable Bake Sale and Rummage Sale in Marmora at a later date. This is to be further discussed later.

Mrs. Wilfred Spencer was chosen to assist the president, Mrs. Ross Dickie, to receive the guests at the tea in June. Mrs. Clarence Thomson and Mrs. Ellis Jones will be in charge of the bazaar tables.

During the last half of 1965, a travelling basket was sent from one member to another, each buying an article and donating one. The proceeds from this are to be used for additional cups and saucers for the use of the Church and the U.C.W.

Mrs. Gordon Apps will entertain the U.C.W. at the manse, in Spring Brook, for their regular meeting in July. The roll call is to be answered by "Name a City in Brazil".

Mrs. Ellis Jones was convenor for the short programme and opened with prayer. Mrs. Lindsay Finch read "I'm Fine"; Mrs. Ellis Jones played a piano solo of "Mother's Favourite Hymns"; Mrs. Ray Stewart read "Mother"; and Mrs. Jones conducted a Bible contest.

Mrs. Dickie pronounced a benediction and refreshments were served by the hostess, Mrs. Ray Stewart and Mrs. Lindsay Finch.

## Farewell Party At Spring Brook

The neighbours and friends of Mr. and Mrs. Everett Bulten, of Spring Brook, called at their home on Wednesday evening, May 11th, to tender them a farewell party before their departure from our midst to the Demorestville district.

Murray Bateman acted as chairman. Contests and games were conducted by Mrs. Carl Ray, Mrs. Ted Vinnicombe, Mrs. Sam Danford and Mrs. Harper Bateman. Readings were given by Mrs. Arthur Reid and Mrs. Carl Ray. Murray Bateman gave a few selections on his guitar.

The address was read by Mrs. Har-

per Bateman and Harper Bateman and Ted Wayne Vinnicombe made the presentation of a pole lamp, a table lamp and a cake plate. Evelyn and Reta received necklace sets, Billy, cuff links and tie pin set and Barbara, a purse. These were presented by Marie and Deborah Bateman and Dianne and Reggie Vinnicombe.

Mr. and Mrs. Bulten voiced their thanks and appreciation.

Lunch was served and a social evening spent.

## THE BIBLE TODAY

"Gospels three times as high as Mount Everest!" During the last year there was held in Brazil a nationwide evangelistic campaign conduct-

ed by the Baptist Churches of the country. In the words of the campaign president, "The object was to evangelize through the churches, and not by any other means."

An order of 10 million copies of the Gospel of John was placed as a result of the new concern in the churches to get the Scriptures into the homes of the people of Brazil. Produced by the Bible Society, with the symbol of the campaign imprinted on the front covers, these Scriptures were also ordered for Federal, State and Municipal authorities all over the land.

The task of distributing ten million Gospels was undertaken by the Baptist churches of Brazil, averaging 5,000 copies for each congregation. Colportage leaflets were prepared, to

give these churches advice on how to go about the distribution. In most cases the Gospels were delivered from door to door.

Reports have come of thousands of new Christians in every state; some churches have doubled the number of members. "Truly in dealing with the distribution of the Word of God," someone observed, "the results are unpredictable."

## MR. AND MRS. MURRAY STEACY

Gloria Ann Reilly and Murray Wayne Steacy were united in marriage on Saturday, May 7th, in the Full Gospel Tabernacle, Frankford. The bride is the daughter of Mr. and Mrs. Leonard Reilly, R.R. 4, Frankford, and the groom is the son of Mr. and Mrs. Vernal Steacy, Stirling.

Rev. Gordon McElhoes and Rev. James Dunlop officiated at the double ring ceremony. Tall standards of pink snapdragons and white mums adorned the church. Miss Beverly Wannamaker played the wedding music, while Mrs. McElhoes was the soloist.

Given in marriage by her father, the bride wore a floor-length silk organza gown with a lace appliqued A-line skirt. The Empire bodice was enhanced with French petit point lace which matched the lace on the full train. A rhinestone and pearl crown held in place her circular veil and she carried a cascade of stephanotis centered with a cattleya orchid.

The matron of the bride, Mrs. Donald Irish, sister of the bride, wore a turquoise ensemble. The bridesmaid, Karen Adams, wore yellow and the junior bridesmaid, Maureen Irish, wore pink. The gowns were alike in silk organza with rounded necklines and elbow-length sleeves. The Empire styled gowns were appliqued with lace with detachable trains.

They wore wedding-ring hats with veils and carried yellow daffodil bouquets. Miss Elizabeth Anne Irish, niece of the bride, acted as flower girl, dressed as a bride, and she carried a bouquet of sweetpeas and daffodils.

The groom was attended by his brother, Albert Steacy, Toronto, while the ushers were Donald Reilly and Rupert Fry.

The reception was held at the Glenburnie Motel where the bride's mother received the guests wearing a French brocade dress of gold metallic thread with blue flowers and matching coat. She wore blue accessories and a corsage of orange delight roses. The groom's mother assisted wearing a blue brocade dress, matching coat, beige accessories and a corsage of cream roses.

For a wedding trip to Ottawa and the United States, the bride wore a light blue brocade suit with white accessories and an orchid corsage. On their return the couple will take up residence in Peterborough, where the groom will finish his year of study at the Eastern Pentecostal Bible College.

Out-of-town guests were from Windsor, Toronto, Markham, Peterborough, Cobourg, Wellington, Concession, Belleville, Stirling, Tweed and Oshawa.

## Jas. E. Potts Elected Vice-President Union Carbide Pan America

James E. Potts has been elected vice-chairman of Union Carbide Pan America, a newly-formed company organized to co-ordinate and manage Union Carbide's activities in Canada and Latin America. Mr. Potts was born in Stirling and received his primary and elementary education at the local public and high schools.

Mr. Potts, vice-chairman of Union Carbide Pan America, has been a senior vice president of Union Carbide International Company since 1964. He joined Union Carbide in 1934. He is an alumnus of McGill University in Montreal where he was graduated with the degree of Bachelor of engineering in 1933.

Union Carbide is restructuring the management of its operations outside of the United States through the formation of three new subsidiary companies, it was announced May 19 by Birny Mason, Jr., chairman of the board. The new companies are: Union Carbide Eastern, responsible for managing the corporation's activities in the Far East; Union Carbide Europe, responsible for continental Europe and the United Kingdom;

and Union Carbide Pan America, responsible for Canada and Latin America. These companies are being organized as domestic subsidiaries of Union Carbide and will be headquartered in New York.

The new companies will administer Union Carbide's interests in their respective areas through the corporation's far-flung network of wholly or partially owned companies, which operate in about 30 countries. They will function through regional headquarters organizations, which will be established overseas.

In making the announcement, Mr. Mason emphasized that this is an evolutionary change designed to enable Union Carbide to deal more effectively with the complexities of its growing international business by shortening lines of communication and delegating greater responsibility to people closer to the scene of operations. He emphasized also that this new form of organization will increase and broaden opportunities for growth and advancement of all the corporation's employees, both domestically and overseas.

## Paul Bailey Tells Rotary Club of "Adventures In Citizenship"

Was Guest of the Ottawa Rotary Club in May For 4 Days — Gave Highlights

How is the Nation's Capital preparing for the celebration of Canada's 100th Birthday? 246 adventurers — "Adventurers in Citizenship" — discovered the answer to that question and others from May 9th to 12th during the 16th annual "Adventure in Citizenship," a project of the Rotary Club of Ottawa.

Paul Bailey, a Grade 12 student at Stirling-Rawdon District High School and a son of Mr. and Mrs. G. Gordon Bailey, Harold, attended. The Rotary Club of Stirling was his sponsoring Club.

### Addressed Local Rotary Club

Paul addressed members of the Stirling Rotary Club Tuesday night at their weekly dinner meeting. He told some of the highlights of his stay in Ottawa.

The young adventurers saw Ottawa on the brink of a new era. To make way for Centennial celebrations in the Capital the face of old Bytown has been changing. The ornate Victorian style railway station which has been the scene of many ceremonies for the Heads of State and other famous figures is about to be demolished. Near the old station is the foundation of the new National Centre for the Performing Arts. It won't be ready for a couple of years, but the work which is now underway fascinates the sidewalk superintendents every day.

Visits to the National Art Gallery of Canada and the Public Archives of Canada were of special interest. The Royal Canadian Mounted Police Musical Ride is being assembled at the Rockcliffe Barracks on the Eastern fringe of Ottawa and a special performance was arranged for the visiting adventurers. Visits to the Parliament Buildings, the Supreme Court were traditional events on the Adventure in Citizenship that always provide great material for discussion.

The National Capital Commission played host on May 11th for a luncheon and a scenic tour of the Capital area and then dinner and dancing at the famous Chateau Laurier Hotel. At this NCC dinner the Minister of Public Works, The Honourable Geo. J. McNeil was the guest speaker. The adventurers were also addressed by the Prime Minister, The Right Honourable Lester B. Pearson and by the Leader of the Opposition, The Right Honourable John G. Diefenbaker.

There was plenty of time for brisk discussion on the subjects that interested the students. Discussion groups of approximately 20 people met each day and reviewed the national and international issues that are current. Care was taken to see that these groups were made up with cross-Canada content. All provinces and the Northwest Territories were represented.

Out of the 246 adventurers, 11 delegates, one from each province and one from the Northwest Territories were selected to speak at the closing luncheon and gave his or her impressions of the four-day investigation of Ottawa. This phase of the adventure was one of the outstanding highlights. Paul was introduced by Rotarian Elwood Bateman and the thanks of the Club was expressed by Rotarian Ed. Warren.

## Energetic Bowling League Dinner And Presentation

The Energetic Bowling League brought their season to a close on May 13th, with a delicious turkey dinner at the Orange Hall, served by the ladies of the Orange Lodge.

Seated at the head table were the committee and the winning team, Laura Waite and her Lucky Rollers. Each received a "Champs" trophy and crest.

Lenora West and her Korner Pins (a close second) were presented with second place trophies. Lillian Harrington's Hi-Lo's placed third and each received a trophy. Lorraine Searles and her Happy-Go-Lucky's in fourth place, each received a very nice double deck of playing cards.

Other trophies presented were as follows:

Group A — High average, 211, Verna Woodbeck; high triple, 843, Lorraine Searles; high single, 323, Hilda Rose.

Group B — High average, 156, Mabel Brooks; high triple, 609, Jane Vance; high single, 265, Lulu Harlow.

Group C — High average, 126, Gladys MacAllister; high triple, 440, Mary Cooke; high single, 177, Laura Waite.

Crying towels were presented to the lowest scorer on each team. The "winners" were: Peggy Evans, Mary Cooke, Laura Waite and Gladys MacAllister.

There were two perfect attendance pins awarded. Mary Cooke and Verna Woodbeck were the happy recipients. They each bowled the entire 90 games.

Verna Woodbeck also received the following crests: 900 triple, high average, high triple and high single. Lorraine Searles received the 800

triple. The Spares, Mary Wall and Jane West, were presented with beautiful brooches.

**Election of Officers**

The chair was taken by Ivy Poste for the election of officers which resulted as follows:

President — Lorraine Searles  
Vice-President — Verna Woodbeck  
Secretary — Gladys MacAllister  
Treasurer — Carol Ketcheson  
Captains — Tena Little, Hilda Rose, Mabel Brooks and Lulu Harlow.

After the dinner and presentations, everyone went to the local bowling alley for an evening of fun. hilarity was the result of the evening, as the girls found it isn't easy to get the head pin or just leave the counter pin or to bowl between your legs. Coffee, a variety of fruit bread, cheese and angel food cake was served at the close of the evening.

A great deal of credit goes to the President, Lorraine Searles, and the committee for a very enjoyable evening.

## Stirling News-Argus Travels Far

Late in February, Mrs. Percy MacMullen, Mount Pleasant, mailed a copy of the Stirling News-Argus issue of February 14th, 1966, to Mrs. Harold Laird, Kensington, Prince Edward Island, who is editor of "Federated News". Later the paper was returned. The Argus was then mailed by Mrs. Sid Demoreest, Marmora, to a friend in Easton, Pennsylvania, U.S.A.

Last week, the Argus arrived back in Ontario after travelling several thousand miles and is still in good condition.

## Moira Valley Scout Camporee

Eighty boys from the Moira Valley District attended the week end camp which was held at Camp Saganneka, in the Vanderwater Park.

The camp was in charge of J. Irish, D.C., and the boys arrived in camp on Friday evening to set up their camp. Saturday was spent in such projects as fire building, water boiling, compass trails and obstacle race and Saturday evening, beef stew and a rice pudding were cooked. (So Mother, if you want to leave home for a while, your boy can look after the meals.)

Sunday morning, the Scouts Own

was held in the chapel, with the D.C. giving a talk on "Friendship" which was taken from the 4th Scout Law. A Scout is a friend to all and a brother to every other Scout. Mr. Gordon Russell, A.D.C., led the boys in the Scout Promise. A Scout from Tweed and one from Plainfield read the Lessons.

Camp broke up at three o'clock when the boys' parents arrived to take them home. This was a very good camp.

The Stirling Scouts made a very good showing for themselves. This was the first Scout Camp some of the boys had attended.

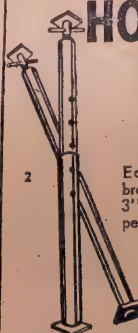

Ron Woodbeck, Clark Thompson, Ross McIntosh and Bruce Woodbeck attended with the Stirling Scouts.

## In Memoriam

POTTER — In loving memory of my dear husband, Grant, who left me suddenly May 26th, 1965.  
One sad and lonely year has passed. Since my great sorrow fell.  
The shock that I received that day No one can ever tell.  
God gave me strength to meet it. And courage to bear the blow.  
But what it meant to lose you No one will ever know.  
It's lonely here without you, I miss you more each day.  
For life is not the same to me Since you were called away.  
You had no one a last farewell, Nor even said goodbye.  
You were gone before I realized it. And only God knows why.  
— Sadly missed by wife, Jean. 21-1p

Yours sincerely,

## St. James CWL

The May meeting of the Catholic Women's League was held in the recreation rooms of the Rectory and opened with prayer, led by Rev. J. F. McGarvey.

Mrs. Ray Burley read her report from the 44th Annual Convention, which was held in Perth the previous week. At the banquet on Sunday evening, the delegates were welcomed by Msgr. H. J. Farrell, who is the rector of St. John's Church, and who spent a number of years in Stirling some time ago. The speaker on that occasion was Margaret Wade, author of "Simon de Montfort" and "A Baronal Household of the 13th Century", who addressed the 345 delegates from parish councils in Archdiocese of Kingston on the subject of "Women in Modern Society".

During Monday's sessions, Rev. J. P. Ainslie, of Toledo, spoke of the work done by the "Companions of St.

Luke", a group of volunteers in the medical field, doctors and nurses, who have been working principally in Santo Domingo.

An item of considerable interest to delegates was a model meeting, held under the able convenorship of Mrs. Herbert Brown, of Belleville.

For a Centennial project to obtain the history of the League in as complete form as possible, councils have been requested to send in their own histories. The St. James Council has prepared its own, but would appreciate any assistance members could give to make it complete.

Following a short reading from the League magazine on the priesthood, the meeting closed with prayer and a blessing by the Director.

A delightful lunch was provided by Mrs. John Kerby, Mrs. Gerald Kerby and Mrs. Harold Baker.

## Mount Pleasant Messengers

On Sunday afternoon, May 15th, the Messengers of Mount Pleasant-Rawdon convened in the Church Hall.

The Story Books on the current study were in charge of Mrs. Garth Joslin and Mrs. Raymond McConnell. The worship period centred around the theme "Lord of All Lands and Our Own Land", with appropriate hymns and prayers. The leader read the meditation and Joyce Jeffs assisted.

In the programme part there were piano selections by Jeanette Hoard and Bonnie Williams; a reading by Kenneth Sharp; vocal solos by Margaret Hoard, Lynn Joslin and Isobel Hoard; recitations, by Linda Hoard and Heather Hoard.

In this modern age men who die with their boots on usually have one of them on the accelerator.

## UNICEF Children's Art Exhibit On Display At Library

A collection of UNICEF International and Canadian Children's Art will be on display in Stirling Public Library until June 3rd.

Children from Hong Kong, Uruguay, Denmark, India and many other countries join with Canadian children in a display of art presented by the National UNICEF Committee at the local library.

Basic theme of the art exhibit is "The Land in Which I Live." Each land, vividly portrayed with a youngster's imagination and talent for expression, becomes a new interest. For here, indeed, is a different country than is found in headline copy.

"Filipino Home" . . . "Seal Hunt in Newfoundland" . . . "Swimming in Brunel" . . . These are typical of the diverse subjects which, combined with varying techniques, add appeal and interest to the UNICEF Children's Art Exhibit on display at the Stirling Library.

## Dist. Conservatives Meet At Madoc

The East Hastings Progressive Conservative Association was told in Madoc Wednesday night that Hastings does not need regional government.

Speaking to a near-capacity audience in the Madoc Armories, Allan E. Reuter, MPP, Waterloo South, said, "We need regional government in some parts of the Province and we do not need it in others."

He said Toronto, with one-quarter of Ontario's population concentrated in a relatively small area, is "the greatest example of regional government on this continent."

"On the other hand, Hastings County covers an area of 1,750 square miles — more than seven times as big as Metro Toronto — and yet the Hastings population of about 88,000 represents only five per cent of Metro's population."

He said if there is a good relationship in county government between the county and the cities or towns, there should be no problems.

### Organization of Hastings Riding

The main business of the meeting was concern with the organization of the new Hastings Riding executive and association brought about by redistribution.

Ken Smith, president of Elzevir Township PC Association, moved that the "present executive be retained and be empowered to add to the executive the present presidents of that part of West Hastings to be added at which new riding will be known as Hastings after redistribution, this executive to meet in two weeks time and bring in a prospective list of officers for the new riding of Hastings."

After some discussion it was passed.

The entire Village of Stirling and Township of Rawdon will be included in this new riding.

Others to speak briefly at the meeting were Lee Grills, Hastings South MP; Rod Webb, Hastings-Frontenac MP; Clarke Rollins, Hastings East MPP; W. E. "Sandy" Sandercock, Hastings West MPP, and Ray Gonso, Hastings South PC Association.

Charles Keeble, president Hastings East PC Association, chaired the meeting.

## Horticultural Society Centennial Project

The Stirling Horticultural Society held its May meeting on the evening of the 16th at the home of Mrs. R. McConnell, R.R. 3, Stirling.

The President opened the meeting with prayer. Various officers gave their reports. A letter was read from the Newmarket Society, congratulating the Stirling Society on their 40th anniversary.

Mr. J. B. Belshaw reported on the progress of trees planted by the Society at the Cenotaph and schools.

### Two Members To Attend Convention

Two members were voted to attend the Annual Convention, which will be

held at Carleton University, Ottawa, June 23rd and 24th. The two delegates will be Mrs. R. Rose and Mrs. P. Craighead.

The date of the annual Flower Sale was changed to Saturday, May 28th, due to the weather remaining cold.

Three more trees were drawn for at this meeting with winners being David Duffin, Elaine Footwear and Glamour Coiffure.

A committee was formed to choose sites for planting shade trees as a Centennial Project for the Stirling Horticultural Society.

### Programme

Mrs. P. MacMullen read two interesting poems, "Mothers Are People" and one written by a friend of hers

entitled "Spring." Mrs. F. Armstrong read an article, "The Story of the Plain Tree" which contained a lot of interesting information.

### Festival of Flowers Thursday, June 16th

The Annual Festival of Flowers will be held on Thursday, June 16th at St. Pauls United Church, with a programme.

A vote of thanks was expressed to the hostess of the evening, Mrs. Raymond McConnell. A delicious lunch was served by the committee in charge.

Two things are bad for the heart—running up stairs and running down people.

(by Mrs. Percy MacMullen)

On Tuesday, May 10th, the sixty-fifth Annual Meeting of Hastings West District Women's Institute was held in the I.O.O.F. Banquet Hall, in Stirling.

River Valley Branch was hostess on this occasion and at noon, they served a cold turkey salad plate luncheon. The tables were centred with artificial flowers, while bouquets of tulips and daffodils were used for special decorations. There were various displays of millinery, copper tooling, Tweedsmuir Histories, Pennies for Friendship, ACWW Posters and various pictures sent from the River Valley Link Institute at Abbot's Leigh, Bristol, England; also a kit of United Nations material provided by the Board Director.

A Past District President, Mrs. Roy Bush and the Past District Director, Mrs. Vernon Harry, welcomed the guests who numbered over seventy.

Mrs. Charles Wilson and Mrs. Alex Bush were in charge of the registration and luncheon tickets.

Twenty members of River Valley W.I. were busy at the noon hour.

Mrs. Harry Morrow was pianist, with Mrs. Sheldon McIntosh conducting the sing song. In the afternoon, Douglas Faulkner, a member of St. Andrew's Presbyterian Junior Choir, conducted two vocal selections.
